

Welcome to

Kite Zone an elevated, low-gravity kite flying zone in Nuwara Eliya, Central Province, Sri Lanka. At an altitude of 6,128 feet above sea level, this field offers a unique kite flying experience in cool, drizzly weather with occasional cloud cover.

Key Features:

- **Wind Conditions:** Consistent to variable wind speeds averaging 8.3 to 8.7 km/h, suitable for all skill levels.
- **Weather:** Experience kite flying amidst scattered clouds with drizzling, rain, and occasional showers.
- **Terrain:** Expansive, flat fields with minimal obstacles ensure a safe and enjoyable flying experience.
- **Scenic Beauty:** Enjoy panoramic views of the lake and surrounding hills, adding to the charm of your kite flying experience.
- **Accessibility:** The zone is easily reachable with ample parking, basic amenities, and nearby shops for refreshments.
- **Test Period:** Late July and early August
- **Test Times:** Morning, Noon, Afternoon, and Night
